OVERVIEW

Originally penned, the LEADS Search in the Law Enforcement Officers' Toolkit (LEOT) record management system, the application has served law enforcement in Ohio since 2006. When LEOT was disbanded in 2012, the LEADS Search lived on and eventually was renamed LEADS Mobile. It was decided at LEADS in 2018 that a new LEADS Mobile was needed; one which was modern, evolutionary, easier to use, and more reliable. Thus we are introducing LEADS Mobile 2.0.
